How do I book?

Write an email to me with:

- ~Contact info/phone number
- ~An explanation on what motive you would like to do/reference photos.
- ~Approximate size of the motive
- ~Placement on your body
- ~Preference on week/date
- ~If you have a budget

Remember that;

~I always answer the mails in the order they've been sent

~I have right to say no to motives if I feel like it's not my style or if I feel like I can't do a good job with it

~I always do my own interpretation/design. I do not copy other motives

~Avilable times to book are;
Monday to Friday 09:00-15:00

~I do not tattoo minors, even if you have a guardians permission. You have to be 18 y/o or older.

❖ How much does a tattoo cost? ❖

~I take by the hour. The starting price is at 1700kr including the first hour and continuing 1300kr/h. How long a tattoo takes depends on size, placement, how much details the motive has and how your skin is to work with

~If we book full day(6h) it's a set (better) price; 8000kr

~Sometimes I have a minimum price & size on flash motives. If you would like the flash to be a bigger size than the minimum, the price will also go up accordingly

~Sometimes I can have discount if I want to try something new or if I really want to do a specific motive

~I always take a deposit when booking to ensure the working time and that you show up on your booked appointment. The deposit will be included in the total price
